Sometimes we are given moments of grace.

An Angel on My Shoulder Ride is a celebration ride about balance, reconciliation and tapping into the goodness life is. Keep a joyful attitude and a willingness to allow your angels to help you along the way.

Ask your Angel and you shall receive.

- Ask—be specific
- Believe—trust you are asking for the right thing
- Let it happen—expect positive results
- Say thank you—complete the communication with words of gratitude

Angel Prayer

*We will work with you
Whether you are
Aware of us or not.
And how will you
Know it is us?
When the possibilities
Are limitless*
